

Call for a Faculty Position at the French University in Egypt

The French University in Egypt (UFE) invites applications for faculty positions to be filled effective September 2026. UFE, a leading institution of higher education in Egypt, operates in partnership with prestigious French universities, including, but not limited to, Sorbonne Nouvelle University, Nantes University, Haute-Alsace University, Paris 1 Panthéon-Sorbonne University, CY Cergy Paris University, Gustave Eiffel University, Versailles Saint-Quentin University, le CNAM... Our mission is to deliver academic excellence through a unique blend of Egyptian and French educational traditions.

Position 16: Assistant Lecturer – Mathematics

Ref Code: UFE-SCI-26-006

Responsibilities

- Support the delivery of undergraduate courses in mathematics, including tutorials and exercise sessions in areas such as calculus, linear algebra, discrete mathematics, probability and statistics, differential equations, and numerical methods.
- Assist in the preparation of course materials, problem sets, and assessments under the guidance of senior faculty.
- Provide academic support to students through office hours, remedial sessions, and individual guidance.
- Contribute to the supervision of undergraduate student projects in mathematics and applied mathematics.
- Pursue doctoral research in mathematics or a closely related field, contributing to the academic profile of the department.
- Participate in research seminars, workshops, and faculty activities.
- Contribute to departmental service, student advising, and university activities.

Experience / Skills

- Master's degree in Mathematics or a closely related field from a recognized university; actively pursuing a Ph.D. is required.
- Teaching experience at the university level (including as a teaching assistant) is required.
- Solid grounding in core mathematical disciplines, including calculus, linear algebra, discrete mathematics, probability and statistics, differential equations, and numerical methods.
- Commitment to scholarly development, with evidence of ongoing research toward the doctoral degree.
- Demonstrated ability to explain complex mathematical concepts clearly and accessibly to students with varying levels of preparation.
- Professional or industry experience in a mathematically intensive field is an asset.
- **Fluency in English is required. Working knowledge of French is a significant asset.**
- **A good understanding of the French higher education system and ideally experience with collaborations in this field with France, would be a significant asset.**
- Excellent interpersonal, communication, and teamwork skills.
- Ability to work collaboratively with colleagues from diverse cultural and academic backgrounds.

Application Instructions

Interested applicants are invited to submit a curriculum vitae that includes: employment history, a statement of research and teaching interests aligned with UFE's Franco-Egyptian mission, a list of publications, the names of at least three referees, and a letter of motivation.

Academic rank is assigned based on the highest degree earned, teaching experience, research output, and years of relevant experience.

Applications will be reviewed until the position is filled. For best consideration, applications should be submitted by **July 3rd, 2026**.
