

Call for a Faculty Position at the French University in Egypt

The French University in Egypt (UFE) invites applications for faculty positions to be filled effective September 2026. UFE, a leading institution of higher education in Egypt, operates in partnership with prestigious French universities, including, but not limited to, Sorbonne Nouvelle University, Nantes University, Haute-Alsace University, Paris 1 Panthéon-Sorbonne University, CY Cergy Paris University, Gustave Eiffel University, Versailles Saint-Quentin University, le CNAM... Our mission is to deliver academic excellence through a unique blend of Egyptian and French educational traditions.

Position 12: Assistant Professor – Information Systems

Ref Code: UFE-SCI-26-005

UFE invites highly qualified and motivated candidates to fill the position of Assistant Professor in Information Systems. The successful candidate will contribute to teaching and research in information systems, supporting the intersection of technology, data, and business within UFE's Franco-Egyptian academic environment.

Responsibilities

- Teach undergraduate and graduate courses in information systems — including database systems, data visualization, data discovery, data mining, business intelligence and analytics and web technologies.
- Develop and update course materials, laboratory exercises, and case studies that reflect current industry practice.
- Introduce students to industry-standard tools and platforms (e.g., SQL and relational databases, data analytics tools such as Power BI or Tableau) through hands-on instruction.
- Supervise undergraduate final-year projects.
- Engage in innovative research and publish in peer-reviewed international journals and conferences.
- Pursue research funding and develop industry partnerships for collaborative projects.
- Contribute to curriculum development and program assessment, including the integration of emerging topics such as data analytics, enterprise architecture, and IT governance.
- Collaborate with the Faculty of Business on interdisciplinary initiatives where appropriate, particularly at the intersection of information systems and management.
- Foster relationships with industry partners in France and Egypt, including software vendors, consulting firms, and corporate IT departments.
- Mentor students in projects, thesis work, entrepreneurship initiatives, hackathons, and competitions.
- Participate in research seminars, workshops, community outreach, and university service activities.

Experience / Skills

- Ph.D. in the relevant discipline or a closely related field from a recognized university.
- Initial university teaching experience (including as a teaching assistant or postdoctoral instructor) is required.
- Emerging publication records in peer-reviewed journals or conferences.

- Potential to develop an independent research agenda.
- Expertise in one or more of: enterprise data mining, data management, business intelligence and analytics or digital transformation
- Industry experience in information systems is an asset.
- **Fluency in French is required**, with excellent command of English.
- **A good understanding of the French higher education system and ideally experience with collaborations in this field with France, would be a significant asset.**
- Excellent interpersonal, communication, and teamwork skills.
- Ability to work collaboratively with colleagues from diverse cultural and academic backgrounds.

Application Instructions

Interested applicants are invited to submit a curriculum vitae that includes: employment history, a statement of research and teaching interests aligned with UFE's Franco-Egyptian mission, a list of publications, the names of at least three referees, and a letter of motivation.

Academic rank is assigned based on the highest degree earned, teaching experience, research output, and years of relevant experience.

Applications will be reviewed until the position is filled. For best consideration, applications should be submitted by **July 3rd, 2026**
